Description:

Review In the debut of her new Mercy Kilpatrick series, Elliot crafts an eerily fascinating small town. An air of menace is palpable throughout the story, and the characters hide a wealth of secrets and twisted loyalties. RT Book Reviews Elliot is a master of romantic suspense, and her latest sets a rural community of preppers (people preparing for disaster) in the sights of a killer. Elliot expertly interweaves the current murders with the damage that past crimes have done to Mercy and Truman's souls, and she lays out convincing tracks to a number of possible culprits in Eagle's Nest. Fascinating details about prepper lifestyle give extra flavor to this mystery, adding to its memorability. Adrian Liang, Amazon Book Review - This text refers to the Hardcover edition.
